Served as interim Vice President for most of 2007

I am seen regularly selling raffle tickets at meetings and PHlockings

I attended Augusta State College and Middle Georgia College.

My Platform

As we all feel the pinch of tighter personal budgets we cannot shrink from our purpose as Parrotheads. In fact our charities will need us more! Their needs will grow, as more people will seek their services.

We, as a group, are fortunate enough to be able to step forward and help, and give back to our community.

I will work hard, if elected, to lead the party for this purpose. No drama, no hidden agenda.

Our charities are my purpose.
