

Suzanne McBride

I am running for Vice President of The ECPHC. I have been a member of the Parrothead Club for 8 years and am currently the Vice President. I have an accounting & sales background & have enjoyed & worked hard at getting our members more together as one club rather than individual groups and have worked with the current President to resolve some of the previous issues that were a problem and we have all together raised more money for charity this year & have more volunteer hours than was expected. Above all of that, we have had a ton of phun. Love this whole group of people. They are awesome and I would look forward to seeing what we can do next year!
